ARaymond 
MORE THAN FASTENING

MODULAR CABLE CLIPS

The ARaymond™ modular cable clips enable **tubes and/or pipes assembly**. Our clipping system consists in **female and male parts** offering the freedom to create a **taylor-made fastener** corresponding to your specific fixation needs. We offer a **wide product range** in terms of diameters and design configurations. Contact us to define the best solution for your **cable management challenges**.

Advantages

- **Modularity** for multiple combinations of fastening solutions..
- **Swivel function** for multidirection mounting of the cables.
- **Cable management optimization:** Possibility to assemble several clips for multiple routing and parallel cables.
- **Time saving during:**
 - the design phase: **No need to design specific parts**,
 - the industrialization phase: **No lead time** for the mold,
 - the manufacturing phase: **No assembly tool required**.
